# THE *City of Owen Sound*

is well known for its beautiful waterfront outlooks and picturesque scenery. Located at the mouths of the Pottawatomi and Sydenham Rivers, on an inlet of Georgian Bay, it's home to some of the most striking views in all of Ontario, and the perfect spot to plan your upcoming wedding.

Regardless of the style of wedding you are planning, there are a variety of spaces to choose from. Stunning parkland and waterfront ceremony areas for outdoor weddings to spacious, accessible venues for indoor celebrations, the City of Owen Sound boasts a variety of beautiful settings for your big day. The close proximity of greenspace and ceremony locations to downtown shopping, restaurants and accommodations create a unique and convenient environment for

guests outside of the Owen Sound area. Easy access to the trails allow for hiking enthusiasts to spend extra time in Owen Sound to explore all the natural attractions. The Niagara Escarpment contributes to the beauty of Owen Sound's landscape which includes several local waterfalls providing unique hiking opportunities and a breathtaking photo backdrop.

Your wedding to-do list can seem endless. Deciding what type of ceremony to have, what space works best for you, and who should officiate are all important but seemingly daunting tasks. Our knowledgeable Wedding Coordinator here at City Hall can help you navigate these items, or you can visit [www.OwenSound.ca](http://www.OwenSound.ca) to get started on your own.

“Spacious, accessible indoor opportunities.”

Owen Sound offers a diverse variety of catering menus that can meet the needs of any budget. From soups and sandwiches to midnight snack or a full, multiple course meal, Owen Sound has endless catering options. With options ranging from Country style, vegetarian, Italian, Greek, German cuisine and Seafood, we have options that will satisfy any palate.

You'll find plenty of professional wedding industry vendors right here in our community without having to waste your time on a day of travel. Local florists, photographers, decorators, wedding planners and officiants, all within arms reach and happy to help.

Whatever your needs, we're happy to help!

“Beautiful waterfront outlooks and picturesque scenery.”

“My husband and I were looking for a venue that would accommodate a large crowd of both family and friends, but still feel quaint, while having the option of a back up should we be faced with inclement weather. We were married under the gazebo on what ended up being the most beautifully hot day of the Summer! The view was amazing over the water, the air conditioned hall was perfect! We were pleased that everything we needed for our vendors was on hand, and that the space allowed for endless decorating options, which we filled with many items from a local nursery for an indoor garden feel. The outdoor patio and gardens were ideal for taking in the warm evening while still enjoying not being too far from the fun of the reception! We would recommend this venue 100 times over.”

### WHEN SEARCHING FOR YOUR WEDDING GOWN, A FEW THINGS TO KEEP IN MIND...

- Sometimes, less is more. Try to limit the number of guests you choose to help with the gown selection process. One or two trusted people is often most ideal. Choose positive constructive minded individuals whose opinions you value.
- We feature many gowns that can be ordered to size. We also carry a great selection of gowns that can be purchased off the rack.
- To order a wedding gown, it can take up to 6 months depending on the designer.
- Have an idea of what style of gown you would like to try on. It is always good to bring a couple of photos of gowns that you might like to try. But do keep an open mind. Our stylists can suggest dress styles or shapes for you that may better compliment your figure.
- Bridesmaid dresses can take approximately 16 weeks to arrive, again depending on the designer.
- We offer in-house alterations and gown preparation. Not all bridal boutiques offer these services. Be sure to ask what services are available in whatever store you choose to purchase from.
- A large selection of styles and colors are available to suit any figure type.

## You're soul mates.

*You asked, she said yes*, and together you are shopping  
for the perfect bands that will last you a lifetime.

At DC Taylor Jewellers, not only are we  
celebrating our 125<sup>th</sup> Anniversary, we are  
doing so as Canada's OLDEST family owned  
and operated jewellery store.

Choosing your engagement ring and wedding bands  
requires more consideration than anything else you'll  
ever wear. No other piece of clothing or jewellery will  
stay with you as long, or carry as much meaning as this  
tiny symbol of fidelity. Before you choose your rings,  
you have to choose your jeweller. Look for one with  
a hands-on approach to customer service but above  
all, choose a store that makes you feel comfortable.  
Your engagement ring and wedding bands are a lifelong  
commitment; you will appreciate a jeweller that is there  
for you every step of the way.

This is a milestone met by providing high quality  
jewellery and great customer service from friendly  
and knowledgeable staff. In celebration of this  
huge milestone, we would like to give back to  
everyone who has supported us along the way. We  
would have never been able to reach this milestone  
without the loyalty of our customers; so thank you!

We have a lot planned for our big year so make sure  
you stop by DC Taylor Jewellers while you shop for  
your wedding bands and any other jewellery  
you want to last you a lifetime.

# For the perfect day

We offer fresh, high quality flowers.  
Farm fresh, grown not flown!

Farm fresh, local, pesticide free flowers all in one place?? Serendipity Florals in Kemble, Ontario provides all of these and more. Located on our family farm of 441 acres on Taylor Side Road in Kemble we grow the freshest and most beautiful flowers in the area.

As a long time gardener and florist, I realized that instead of paying for mediocre flowers that were not always fresh nor local, I could grow better quality, fresher and cleaner (pesticide free) flowers myself. We can custom grow for your wedding so that you get the best, freshest flowers for your special day!

At Serendipity we love to meet our brides as soon as you become engaged so that we can work on your wedding flower plan as soon as we can! Calling Serendipity as soon as you're engaged also allows for you to come see what's growing at our flower farm a year in advance (if possible). An early planning trip to our farm will also give you some insight to what will be blooming in your wedding month which provides a better sense of colour and flower types available and fresh for your centerpieces, decor, bouquets and more. Of course, if we can't grow it ourselves we are affiliated with many other growers who can!

We love to meet new people and you're always welcome to come view the farm anytime! Give us a call so we can arrange a private viewing!

*Looking forward to meeting many  
new brides this coming wedding season!*

*Love and laughter♡

## Lessons Learned *from local brides.*

- Before going social, share your engagement announcement with family and friends. Parents, family members, and anyone you are particularly close with should be told before posting on social media.
- If you're hiring a wedding planner, get them on board right away. They will have great ideas on perfect venues, caterers, florists, photographers and more! Some even have preferred rates with wedding vendors; many can work with any size of budget.
- Set your budget at the start – and stick to it! It's easy to get carried away with the thought 'this will only happen once' and end up spending much more than you wanted to.
- Give guests as much notice as possible about your Big Day and even your rehearsal dinner. Be sure to get invites out in plenty of time so that you don't have to work around everyone else's dates and your guests don't have to scramble to change their own plans.
- Personalize your invitations to give your attendees a taste of who you are and what your day will be like. Sketch out ideas and give your designer lots of time to come up with something special.
- Listen to friends and family when they provide advice (and they will!) on your theme, invitations, dress, food, etc., but ultimately, make the choice you will be happy with and don't try to please others. You want to look back on your day and love every minute of it!
- A customized wedding website is a great idea get organized, manage RSVPs and keep everyone informed of schedules and events. After the wedding you can post pictures and videos of the special day and let guests leave comments. You can even find free options online, check out <https://sayi.do/>.
- Create an idea list (or Pinterest) board with personal ideas to enhance your special day – if and when time permits. (Think dancing slippers, sweet or popcorn station for kids, specialty coffee station, caricature artist, refreshment in the washrooms, etc.).
- Involve your guests on your wedding day; ask them to share a funny story or invite them to offer advice to the new couple. Guests enjoy being involved and it's always good for a laugh!
